MILESTONES IN PORTUGUESE REVOLT.
King Carlos and Crown Prince Luis slain in capital Feb. 1, 1908, when an attempt was made to wipe out the whole royal family.
Premier Franco, hated reactionary leader, forced to flee the country.
A new ministry and a "reform" parliament comes into power.
Clerical party dominated new regime. Liberals were squelched and the republican propaganda broke forth with new fury.
Bomb plots unearthed and plotters arrested, from time to time, but sedition grew apace throughout the nation.
New parliament opened September 23, 1910, king promising reforms, but again the Progressives were outvoted, and the "reform" program was delayed.
Assassination Monday of Prof. Bombarda, a Liberal deputy, charged to Clerical plot, was the spark that started the latest revolution.
King Manuel and the queen mother now besieged in palace. Royal flag hauled down and the flag of revolt waves over the palace.
Army and navy joined the revolt. Serious fighting in the streets of Lisbon and many are reported killed.
Foreign nations sending war ships to protect the lives of their citizens.
Other nations notified that Portugal has been proclaimed a republic by the victorious revolutionists.

KING AND MOTHER ENROUTE TO FRANCE.

London, Oct. 6.—A dispatch from San Sebastian today says King Manuel and his mother passed through there this morning enroute to France. The pair was disguised and the identification is uncertain. Many conflicting reports about the whereabouts of Manuel are current today.

The Duke of Oporto, Manuel's uncle has not been heard from since Tuesday. Pretender Dom Miguel disappeared before the uprising and is thought to be confined with his followers. Although he probably hopes to be called to the throne, close students of the situation say there is little hope of a monarchical government being set up for some time at least.

The people will probably stick to the Republic unless it proves an utter failure.

FORTIFYING LISBON.

Badajose, Spain, Oct. 6.—The revolutionists are fortifying Lisbon to resist the expected attack of the provincial troops who are loyal to Manuel. Their strength is unknown, but as most of the army has taken the oath of allegiance to the republic, the provincials have little chance for victory.

QUEEN MOTHER SAFE.

Madrid, Oct. 6.—Premier Caneleges of Spain today positively declared that the Duke of Oporto and the queen mother are aboard a royal yacht and safe. He professes ignorance of the king's whereabouts.

Carcarrillas, Oct. 6.—King Manuel will not be caught. Men high in the councils of the Republics here say his escape was carefully planned by them, as they did not wish their cause to be darkened by assassination. They are purposely helping circulate the conflicting rumors as to his whereabouts, to prevent any hot-headed revolutionist from harming him. The men at the head of this revolution are remarkably clear-headed and far-sighted. They are bending every effort to stop disorder.

Their great fear is intervention by a foreign power, especially England. All existing treaties with foreign governments will be observed by the new republic. Leaders say that when means of quick communication with the interior are re-established and news of their success reaches the provinces they will come over to the support of the republic without any further fighting. Tuesday's revolution was partly an accident. The Republicans had their plans all matured for weeks, but had set no date. The temper of the people was at white heat over the king's mistress and the assassination of Dr. Bombarda. On Tuesday a crowd of people threw a priest into the river, the police charged the mob and a regiment joined the people and fired on the police. The warships in the harbor heard the fighting and at once ran up the rebel flag and sent men ashore to help their fellow revolutionists. The police broke and fled.

The shooting aroused the city and the Republicans flocked into the streets, all armed. In half an hour more than half the soldiers and sailors had joined the rebels. The attack on the palace then began with all the artillery in the hands of the rebels. After 31 hours fighting the palace surrendered and the people went wild with joy.

At first the king was believed captured, but later the leaders announced that he had escaped. The fatalities will number between 50 and 75. The rebels completely control the city and are rapidly restoring order.

Vienna, Oct. 6.—"I know of no disgrace in being the mistress of a king, but I would consider it everlasting disgrace to advertise our relationship, glorified as it was by a love which even court and conventionality could not throttle."
"Yes, I was Manuel's mistress, but I did not make capital out of my relations with him."
"The king only gave me some presents which even a poor man could afford without extravagance. I believe my income is greater than that of the king."
"It is better for the young king to abdicate. He will be happier now than he was among all his troubles as king."
The above are extracts from an interview given to the United Press today by Mme. Gaby Deslys, who is appearing at a theatre here. She is drawing immense crowds and wears at every performance the diamond sunburst given her by Manuel.
To the audience each sparkling stone represents hunger and poverty

THE DEPOSED KING AND UNCLE DUKE OF OPORTO,
WHO ARE SUPPOSED TO BE FLEEING TO FRANCE

SPAIN SAID TO BE ON EVE OF REVOLUTION

In miserable Portugal. She says she met Manuel at a Paris theatre and they fell in love at first sight. She denies that she lived in palace while in Lisbon, but says she had a hotel suite near by and saw the king constantly.
She angrily denies that she caused his downfall and seemed disturbed when told of his danger.

Madrid, Spain, Oct. 6.—On the heels of the political unrest comes a statement by court physicians that King Alfonso is suffering from an incurable disease which they call cancer of the bone. Spain is on the eve of a revolution. The capital is in a turmoil because a body of Spanish veterans are held ready to rush to the Portuguese frontier. Alfonso and his ministers are afraid of a revolution and may help Manuel regain his throne by sending him Spanish armies.
They think it would quench Republicanism in both countries. Others say, however, in this move the start of a bitter civil war in Spain. The police last night broke up a political meeting because the people sang the Marseillaise, the crowd cheered the Portuguese revolution in the street until the police engaged them in a running fight.

MORGAN GOBBLES UP RUBBER TRUST

New York, Oct. 6. Gossips in well-informed financial circles today say that the rubber trust has passed completely under the domination of J. P. Morgan.

MINERS HAVE A NARROW ESCAPE

Bridgeport, O., Oct. 6.—About 150 miners had narrow escapes last night when fire broke out in the Columbia mine, in a remote part of Belmont county. A gas explosion started the fire, which the men are now fighting desperately.

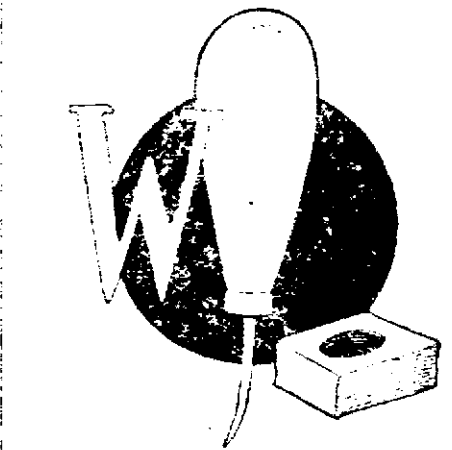

KENTUCKY FEUDIST FINALLY KILLED

Henderson, Ky., Oct. 6. — "Jim" Hatfield, a member of the famous Hatfield feudist family, was shot to death yesterday in a saloon by John Puckett, a fisherman. The men fell out over the payment for drinks. Hatfield secured an old army bayonet, hanging on a wall, and stabbed Puckett through the left arm and breast. Puckett then drew his pistol and shot once, mortally wounding Hatfield.

HEARST

**Ditches Agreement
With the Re-
publicans**

SECOND PLACE ON TICKET

**John J. Hopper of New
York City Nominated
for Governor**

**Convention Remains in Session
Until Long After Midnight--
Some of the Plat-
form Promises.**

New York, Oct. 6.—The Independent league, founded by William R. Hearst, cut loose from its creator early today and resolved itself into an actual "embossed convention."

The result was that the agreement made by representatives of Hearst with the Republican campaign managers whereby the entire Republican state ticket with the exception of lieutenant governor, which place was to go to Hearst personally, was ditched and John J. Hopper of this city was nominated for governor and Hearst for lieutenant governor. About that time remorse seemed to have set in and a motion was hastily made that the remaining places on the ticket remain unfilled until Hearst should arrive. He is on the Mauretania which will dock late tonight or early tomorrow. There is a possibility that with the arrival of Hearst the convention may be swung back into line for the original agreement.

It was long after midnight when the permanent organization of the convention was completed and a platform adopted which declares emphatically for direct nominations, the initiative and referendum and the recall. Then by a vote of 214 to 94 the upstate delegates voting as a unit, it was decided that Republican "fusion" should be ignored and a straight ticket put in the field. The upstate aggregation tried to force the nomination of Hearst for governor, but his personal lieutenants, Shearn and O'Reilly, announced that under no circumstances would he accept, so Hopper was named. Hearst was then chosen for second place.

The platform adopted is in part as follows:
"Our duty is, disregarding all considerations of personal preference and present advantage, to do for the state what we did last fall for the City of New York, and in the interest of honesty and public decency deal a crushing blow to Murphy's scheme to Tammanyize New York State."
"First and foremost we declare for and reaffirm our belief in genuine direct nominations, state-wide in its application, to every elective office, dealing away completely with the party committee."

"We believe in the principles of initiative and referendum."
"The power to make officials reside in the people, and we, therefore, demand for the people under reasonable and proper safeguard against abuse, the right to recall public officials from public place."
"We shall continue to work for the popular election of United States Senators, and, pending constitutional amendment, we demand an instructive vote to legislators for United States Senators."
"We call for a new and immediate vote in the legislature upon the income tax."

If you are not registered do not neglect this important duty. Polls open this evening from four until nine o'clock.

BOY BLOWS OUT BRAINS.
Denver, Colo., Oct. 6. — Kenneth Liverman, a 17-year-old school boy of well known parents, blew out a brain in a hotel room last night because a 16-year-old schoolgirl refused to marry him.

COAL PASSER HAS CHOLERA

New York, Oct. 6.—A coal passer on the Mohike which arrived today has cholera. He is held at quarantine.

IT PAYS TO READ THE ADS.

By SETH BROWN

Every person who forms a habit of reading advertisements is sure to be benefitted thereby.
You will overlook the best offerings in the stores unless you keep posted—read the store news.
Remember that no one can afford to advertise in these days unless they can back up in their offerings with the kind of goods which satisfy.
Business men have learned that it does not pay to misrepresent in their advertisements.
The merchants who advertise are the ones who give the best values.
They can afford to because advertising is a search-light on their business, and if it was not right the advertising would not only result in a loss of money, but it would actually harm their business.
It pays to read advertising carefully.
It is an absolute reflection on what exists.
To say, "Oh, this is only advertising," is to discredit the force which has done more to civilize and develop this country than any other one influence.

In memoriam—Mrs. Florence Franklin, Mrs. Nelsonia Camp Snyder, Miss Anna Louise Franklin, Mrs. Laura S. Baird, Mrs. Florence Henrietta Veach, Mrs. Emily S. Franklin.

The Harmonious club was entertained by Mrs. George Brown on the regular club day at her home in East Main street. The afternoon was informally spent and a dainty lunch was served. The next meeting will be October 12 at the home of Mrs. Canterbury in Bowers avenue.

Mr. and Mrs. Stanley Montgomery entertained at their home near Alexander the following at dinner Sunday: Mr. and Mrs. L. E. Fussine and son, Robert of Columbus; Mr. and Mrs. Tollet Stone and Mr. and Mrs. Charles Montgomery of Newark.

The Wednesday afternoon Tidbit club held a delightful meeting Wednesday afternoon at the home of Mrs. Fuller Moore in East Locust street and the hours which were spent in sewing were followed by the serving of a dainty luncheon. The guests of the club were Mrs. Eugene Ball, Mrs.

W. T. Egan and Miss Cora Coleman. The club will meet in two weeks with Mrs. Clifford Hawkins of Elizabeth street.

Miss Ethel Woodward of West Church street was this week hostess to the Tuesday Evening Euchre club, the prize at the close of the game being awarded to Miss Charles Woolson. The substitute guests were Miss Hazel McMullen and Miss Ruth Hatch.

The Alpha Pi fraternity of Cosheon entertained with the first of its series of dances to be given this winter, on Monday evening and about sixty couples participated. Parker's orchestra of Columbus furnished the music. Among the out of town guests were Robert Freeman and Carl Egan of Newark.

The Ladies Auxiliary to the Knights of St. John gave a delightful euchre party Tuesday evening in W. W. of A. hall and twenty-three tables of play were progressed, the ladies prizes at the close of the game going to Mrs. Ritter and Mrs. Anna Sax and the gentlemen's prizes to Mr. Andrew Holtshulte and Mr. Bernard Holtshulte. The remainder of the evening was spent in dancing.

Recipes for October 7, 1910.

Broiled Fish. For broiling any good sized, firm fleshed fish may be selected. It should be split from head to tail, carefully cleaned and will seem even better than usual if at the same time the backbone is removed. The fishmonger will always do this on request. Each half should be brushed with melted butter and the halves then laid in a fine wire broiler and cooked, flesh side downward at first, over a clear fire. A five or six pound fish will require fully twenty-five minutes.

Grape Sage Pudding. Soak one cupful of sage over night in plenty of cold water; in the morning pour off the water, put the sage in a double boiler with one cupful of boiling water, one-half of cupful of sugar, one-fourth teaspoonful of salt, and one cupful of juice pressed from grapes which have been stemmed and cooked for ten minutes. Cook until the sage is clear, adding more grape juice if it becomes too stiff, then add one cupful of seeded grapes, cook ten minutes more and turn into baking dish. Brown in a quick oven and serve with a creamy sauce.

GIRLS HAZE

THE FRESHMEN

Philadelphia, Oct. 6.—A goodly percentage of the sophomore class of Bryn Mawr college is in disgrace today, following an attempt to haze 11 members of the freshman class. A former last night discovered eleven dainty figures in male clothing trudging along the highway toward Philadelphia. They were escorted by a large party of sophomores, who announced their intention of driving their victims into the heart of the Philadelphia theatre district. The former telephoned the college and the faculty rescued the hazes.

HEAVY RAINFALL VISITS COUNTY

The rainfall for the past forty-hours is almost unprecedented in the history of Newark and Licking county, and the steady downpour is reported to be doing considerable damage. While travel over the railroad and traction lines is not being interfered with, the country roads are heavy and travel over them is slow. The county fair is being seriously interfered with, and although the exhibits are numerous and interesting, no one has been to the grounds on account of the heavy rain.

Although the rivers have raised slightly, there is no danger from floods unless the rains continue.

RUNAWAY GIRLS CAPTURED HERE

Ellis Patton, 15 and Henrietta Hawk, 16, both living in Columbus, were taken in charge Wednesday by Probation Officer Sheridan and sent to Columbus where they were taken in charge by the Columbus police. The girls ran away from their homes and came to Newark where they were met by a couple of local men and taken to Puente Lane, a stop between Newark and Zanesville on the interurban. The girls told Officer Sheridan that they were just out for a good time. They were put in a Columbus bound car in charge of the conductor and when Columbus was reached they were turned over to the police and sent to the juvenile detention home.

PUTS QUESTION UP TO SENATOR DICK

Akron, O., Oct. 6.—Atlee Pomeroy, Governor Harmon's running mate, put this question up to Senator Dick in his speech at the Democratic campaign opening here last night: "Do you endorse President Taft's estimate of George B. Cox, that he is the head of the most corrupt political machine the state of Ohio has ever known, or that of Candidate Harding, that 'we yield defence and devotion to that great big mainly chap from Hamilton county'?"

Famous "Pint of Cough Syrup" Recipe

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing one pint of granulated sugar and 1/2 pint of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (fifty cents' worth) in a pint bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough.

This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in quaiacol and all the natural healing pine elements. Other preparations will not work in this recipe.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

PIANOS

If you are in the market for a fine piano you should go to the A. L. RAWLINGS MUSIC STORE as he is offering some extra good bargains in some slightly used pianos, good as new, and fully warranted. You can save all agents' profits when you buy from A. L. Rawlings as he is part owner and director of the Smith & Nixon Piano Mfg. Co., located at Norwood O., one of the oldest makes in America, established in 1842.

You should not hesitate to visit this store, as Mr. Rawlings is a merchant of Newark and every citizen should leave his money at home and help boom Newark and make it the best city in Ohio.

BATTLE

With Police Resulted in Aged Man Receiving Bullet Wound Which Will Cause Death.

Detroit, Mich., Oct. 6.—French Lenschatt, 62, is dying in the hospital today as the result of his battle with the police last night when he held his daughter's house against a dozen policemen for several hours.

Petronen Williams and Haddix were both slightly wounded. Lenschatt declared he would kill all the family. His daughter called policemen Williams and Haddix, in his room upstairs. They called through the door but were answered by three shots which struck the two men. They then fired four or five shots through the door with their heavier revolvers and called the reserves.

While waiting outside they saw the old man walking about the house, so think he may have shot himself later. When the reserves arrived, the policemen broke into the barricaded house, searched it to Lenschatt's room and broke open the door. He was lying on his bed in a pool of blood fatally wounded.

DENIES THE CHARGES.

Chicago, Oct. 6.—State Senator Broderick on the stand today before the Lorimer probe committee denied in detail every charge made against him by Senator Holtshaw.

DINNER STORIES

The Irishman was down on his luck and needed a lodging place. After asking the loan of a bed in several houses in a small Western town, he encountered a preacher, who told him: "There's an unoccupied house down the street. You may sleep there. But I am going to warn you that the house is haunted." "No matter," replied the Irishman; "I'm not afraid of ghosts." Soon after dark the preacher dropped in to see the Irishman and found him in the haunted house and a little nervous. Three days later he saw coming down the road the weary and dusty figure of the former tenant of the ghost-ridden house. "Why, where have you been?" he inquired kindly. "What have you been doing during the three days since you went into that house?" "All that time," replied the Irishman, "I've been coming back."

A clerk in a southern drug store tells the story of an old colored mammy who hobbled up to the counter in a labored sort of a fashion. Standing before the counter she gazed abstractedly at the drug clerk, yet said nothing. The clerk, after an extended silence, asked the old mammy what she wanted. The colored lady, greatly embarrassed, divulged the fact that her mistress had sent her to "buy something," but try as she would she could not remember what.

GOT A PERFECTLY GOOD CAMERA THAT YOU DON'T USE ANY MORE?

One of the ways in which want ads can be useful to you is in selling, for fair prices in cash, any "second hand" articles you own. They must be good, of course, and priced so that the buyers secure bargains. You can sell any article of furniture, any piece of machinery—anything that still has usefulness for the man who has use for it—through want advertising.

HEART and HOME TALKS by Barbara Boyd

Little Problems of The Home.

Should Church Come Between Husband and Wife?

In the columns of a metropolitan daily were recently published at length certain divorce proceedings in which the husband complained bitterly that his wife spent all her time at church or in church work and that the home was neglected.

Of course, few right-minded women let religious zeal so run away with them as to neglect obvious duties. But many a right-minded woman has pondered the question just how much of her time and interest it is right for her to give to church when her husband does not enter into these interests. Some men, too, have the problem on their hands, for occasionally it happens that the husband is a church worker and the wife is not.

To go to church Sunday morning and evening and to the weekly prayer-meeting and leave the husband home alone seems hardly right to many a conscientious woman. Yet she does not want to give up her church entirely. What shall she do?

In many things marriage, as is well known, is a compromise. In this matter, if both approach the question in the right spirit, some satisfactory arrangement can surely be made. The spirit in which the subject is discussed is, however, important. If either, or both, are obstinate, positive, if the wife insists the husband go with her, or the husband insists the wife stay at home, it is a question that will likely breed trouble. Whichever party yields will feel aggrieved. And a grievance is not a comfortable inmate of the home.

Both should yield something. The husband should go with the wife to church at times, or be cheerfully willing to be left behind; the wife should stay at home with her husband either morning or evening. If she finds that even with this course danger signals are flying, she had better give up church attendance altogether than run the risk of wrecking the happiness of the home. She doesn't give up her religion by doing this, for religion is a matter of the heart and of daily living. She simply relinquishes those expressions of it which are in a way a pleasure. And her duty to her home surely comes before these.

If she finds that her husband takes her attendance at church or committee meetings as an excuse for his seeking associates or pleasures that have a bad influence, she will be a wise woman to stay at home and keep him with her. It is very likely, too, that she can in the course of time, if she is diplomatic, interest her husband in her church affairs.

An occasional reference to some point in the sermon that would have interested him, to some movement of the men of the church have on foot in which he could undoubtedly be of effect. He will begin to think that effect. He will begin to think that possibly he will find more in church affairs than he had imagined.

The matter of church attendance surely should not come between husband and wife. But one should not lose interest in religion or grow cold in belief simply because one cannot attend service or take an active part in religious work. The Book of Books is always at hand to keep the truth warm and living in the heart, and by meditation and reading one can walk the straight and narrow way, even though it may be deemed the part of wisdom not to absent oneself from home and husband for those public services and activities that give such enjoyment.

DEMOCRATIC CLUB MEETING

The next meeting of the Licking County Democratic Club will be held at the club rooms Friday evening, October 7 at 7:30 o'clock.
The meeting will be addressed by

Hon. Lewis B. Houck of Mr. Vernon, and other good speakers. All Democrats, whether members of the club or not, are invited and urged to be present.

THE SAME OLD BAMBOOZE GAME

After the Columbus convention a number of Republican papers in Ohio openly expressed dissatisfaction with the Taft-Dick-Harding platform, which was written by Dick in praise of Taft and the tariff and accepted by Harding and his associate candidates on the state Republican ticket.

Now certain Republican papers are calling upon legislative candidates to pledge themselves to vote against Dick. At the same time they are boasting that the Ohio platform which Dick wrote is a progressive platform because it is exactly like the platform which Roosevelt handed out at the New York convention.

This anti-Dick attitude may be accepted, therefore, as a delusion and a snare. If Dick's platform is thus made respectable before the election Dick himself will be acceptable after election.

It is the old bambooze game. The Republican citizen of Ohio who calls himself an "intelligent voter" need not be fooled by it unless he is one of those who claims 364 days to be a "progressive" and walks into the election booth the other day with his eyes shut to mark his ballot in favor of standing-pat and standing-still.

LAYLIN'S HOCUS POCUS

After the Columbus convention a "new nationalism" and proclaiming himself the most progressive of all progressives and therefore the only legitimate leader of Republican insurgents, Roosevelt captured the New York convention and tied it down upon a stand by Taft, stand by the tariff stand-pat Harding.

Now comes L. C. Laylin, chairman of the committee conducting the campaign for stand-pat Harding and his

HARDING'S DOUBLE DEALING WITH UNION LABOR

How He Discouraged a Printers' Union in His Town of Marion and Did Not Sign Wage Scale So That He Could Carry the Union Label at the Head of His Paper Until October 3, of This Year, Which He Now Does For Votes.

Columbus, Oct. 6.—When Mr. Harding formally launched his candidacy for governor he sought to drag the Columbus strike into politics, evidently expecting thereby to ingratiate himself into the favor of labor organizations.

But Mr. Harding had forgotten something. He had failed to set his own house in order. Organized labor throughout the state soon learned that Mr. Harding's newspaper did not display the union label.

In a speech at Logan Mr. Harding tried to explain his adverse stand against the union printers of Marion in the office of his newspaper. The Logan Sentinel of September 25, put these questions at Mr. Harding:

Was there not a local printer's union in your office for some months?

Is there now a printer's local union in Marion?

Did you not harass and discourage union labor until you broke up that union?

Did you not refuse to sign an eight-hour scale?

Did you not cut the pay of union employees from \$2.00 per day, to \$1.50 because they only worked nine hours?

Don't you know that your men refused Organizer Max Hayes to consider a local union on account of your attitude against union labor?

Is it not a fact that you opposed in the senate of Ohio the proposed arbitration clause of the Municipal Code that sought to restrict street car franchises to carry with them compulsory arbitration in their possible labor disputes?

Since the foregoing questions were asked at Mr. Harding's printers at

HARDING'S STRADDLE ON ARBITRATION

A series of questions has been propounded to candidates for congress and state legislatures by W. G. Lee, president of the Brotherhood of Railroad Trainmen.

This is an organization that is intelligent enough to know what it wants in the way of legislation, and it proposes to find out from the Congressional and Legislative candidates before the people how they stand on the question propounded.

Among other questions on which candidates will be expected to express their opinion is this, just as it appears in the list: "Compulsory arbitration, which railway workers oppose."

Since the railway organizations oppose compulsory arbitration, since labor organizations generally oppose "compulsory arbitration" and did so at the last session of the Ohio legislature, then what does Mr. Harding stand still associates on the stand by Taft and stand by the tariff platform because it is exactly like the New York platform.

If that be true, then why are so many Republican papers denouncing Dick, who wrote the Ohio platform?

If the Ohio and New York platforms are as much alike as two peas in a pod, both having expressed the highest admiration for the Aldrich-Payne tariff bill, then Dick is entitled to an apology from the Republican papers that have been trying to repudiate him and will be entitled under his primary nomination to the votes of all the Republicans elected to the senate and house of the Ohio legislature.

That shows what you are up against. Your only way to beat Dick is to elect along with Governor Harmon and his associates on the state ticket, a legislature with a Democratic majority in the house and a Democratic majority in the senate.

mean by going about over the state as a candidate for governor advocating what the railway organizations don't want? It would have been more consistent for Mr. Harding had he stuck to the record he made as a member of the senate in 1902 when he helped to kill an amendment to the Municipal Code proposing an arbitration clause for street railway franchises.

By his straddle on arbitration, in a vain effort to misrepresent Governor Harmon's course during the Columbus strike with a view to making political capital of it, Mr. Harding has put himself in the awkward position of having both legs on the wrong side. But that is what happens to candidates who try to straddle public questions to advance their campaign ambitions.

Harding is great on playing double, especially as to the vital issues before the people of Ohio today, but can he fool the people and get votes by his deception?

OBITUARY

GEORGE W. STADEN.
George W. Staden died at his home, 245 Hudson Ave., Wednesday afternoon at 1:45 o'clock, of laryngitis, after an illness since a year ago last June. Mr. Staden's health began to grow rapidly worse last July and he was gradually failing until death relieved him of his sufferings Wednesday afternoon. He was born at Croton, O., 67 years ago. A widow, Mrs. Rilla M. Staden, survives, with two children, Corry M. Staden of Washington, D. C., and Maude B. Staden of the home and a brother, Payette Staden of Croton. The funeral arrangements have not yet been made.

MRS. ELIZABETH MARSH.
The funeral services for Mrs. Elizabeth Marsh, aged 96 years, one of the oldest residents in Franklin county, was held at 10:30 Thursday morning at the home of her daughter, Mrs. J. Blandy, 122 East Long street, Columbus. The body was brought to Newark Thursday afternoon and taken to Cedar Hill cemetery for interment.

Mrs. Marsh dislocated her hip three weeks ago in a fall at the home of her daughter and that injury and others, incident to the fall caused her death. Mrs. Marsh about 17 years ago lived in Newark with her daughter, Mrs. Blandy, and was well and favorably known here. They built and resided in the block on the east side of the square now occupied by Mrs. Mary L. Miller. She will be remembered by many of Newark's older residents.

MRS. JOANNA ZIMMERLY.
Mrs. Joanna Zimmerly, wife of John J. Zimmerly of 42 Union street, died at the home this afternoon after an extended illness of pneumonia. Besides the husband, she is survived by one child, Miss Mabel Zimmerly.

DEATH OF INFANT.
Bessie Helen, infant daughter of Orren D. and Stella M. Hall, was born June 13, 1910, and departed this life Sept. 23, 1918, aged three months and ten days. Besides her parents she leaves four sisters, one brother and other relatives to mourn their loss.

FUNERAL OF MARY HILLIER.
The funeral services for Mary Ruth Hillier were held at 11 o'clock Thursday morning at the home of Dr. Judson Lewis in Hudson avenue, conducted by Rev. F. E. Vernon, and they were attended by a large concourse of mourning relatives and friends. Miss Hillier was a young woman greatly loved by her associates and the profusion of floral offerings surrounding her coffin silently spoke of the great sorrow which her passing had caused. Rev. Mr. Vernon spoke a few comforting words to the family and friends of the beautiful life of the young woman, and Mrs. C. W. Miller sweetly sang "Asleep in the Arms of Jesus."

The body was laid to rest in Cedar Hill cemetery and acting as pallbearers were Mabel and Louise Jones, Mary Follett, Louise Elliott, Sue Tafel and Corinne Miller.

FUNERAL OF MRS. ASHBROOK.
The funeral services over the remains of the late Mrs. Mary Melissa Ashbrook will be held at the home, 111 South Third street, Friday afternoon at 1 o'clock, and interment will be made in Cedar Hill cemetery.

CARD OF THANKS.
We desire to thank our neighbors and friends for the kindness shown us during the affliction and death of our infant, Bessie Helen. Mr. and Mrs. Orren Hall.

RAILWAY AFFAIRS

S. H. Pollock of Newark, traveling auditor of the B. & O. railroad, was in Mansfield Tuesday, making the annual check of the local ticket office.

Annual Inspection of Pessmy.
The annual inspection of the Pennsylvania lines is now on and 6 special trains, having on board the general manager and other officials, are going over the road. General Manager G. L. Peck is at the head of the inspection party, which includes superintendents, roadmasters, trainmasters and other minor officials. Special observation cars, with raised seats compose a part of each train and every foot of track is being scrutinized during the trip. At many points the buildings and station surroundings are also being expected. The trains are expected to pass through Newark Friday morning about 9 o'clock, but it is said that they will not make any considerable stop here. Prizes for the best division of track will be awarded to the supervisor and section foreman having charge of them.

I wandered through the woodland, yesterday-afternoon, and saw The purple of the sun and the scar-let of the haw. I smelt the fragrant burning leaves, and heard the locust's note, and Nature's peace was on me; Nature's song was in my throat; Then homeward through the golden dusk I tramped the yellowing sod. I breathed the tingling air and for my life I thanked my God! Then, sitting by the evening lamp, I read a sacred most dear— "The Melancholy Days Have Come, the Saddest of the Year!"

I wandered to the theater and saw an honest show— All summer I had witnessed "summer-stock-stuff," don't you know? And afterwards I sought a grill-room, where a merry bunch Ate oysters and such other grub that makes a truly lunch; And then, at home, I read a bit, and crept into my bed— No chills there, but warm and soothing fannel flannels instead— And sinking into bliss repose, I heard the chestnut hum, The fall guy's fall bromide "Melancholy Days Have Come!" The Melancholy Days have come—the sweetest of the lot!

COMMUNICATED

The meeting of the survivors of the Licking County Squirrel Hunters was held on Wednesday afternoon, October 3rd, 1918, at the office of Dr. C. P. King, the president, on West Main street. The meeting was called to order by the president, Dr. C. P. King, and the secretary, W. A. Smith. There was a good attendance of the few surviving members and business of importance was transacted.

Almost half a century has elapsed since the close of our great civil war, and many inroads have been made in our ranks. Many of our most esteemed members have passed to the border land and have answered to the roll call in the great beyond. During the past year or two our comrades Griff Rosebrough, Joseph Griffith, Milton L. Wilson, Henry Montgomery, Mr. Coad, and some others have passed away. Those of us who are left are drawn together more closely than ever, and take an honest pride in keeping alive our organization, and trying to live out again those trying scenes in which we took so active a part almost half a century ago. We do not think that the Squirrel Hunters have received that recognition they are entitled to at the hands of both state and nation, for the valuable services they rendered when our state was invaded and Cincinnati was threatened by a rebel horde bent on its destruction. Had it not been for the promptness displayed by our old loyal governor, David Todd, in calling out the Squirrel Hunters, Cincinnati would have been laid out in ashes.

We, the survivors of that struggle, feel most keenly that Cincinnati has never appreciated our efforts in saving that city from destruction. Many of our members left their homes, their families, their stores, their shops, their professions, their farms, and responded nobly to their country's call. It is not too late for the Queen City of the west to make amends for past short comings and make an effort, on the behalf of a recognition on the part of our state and country, and place us where we belong on the pension roll to which we are justly entitled.

A bill was presented to our legislature last fall looking to that end, and it passed the senate but the legislature adjourned before action could be taken. It is our intention of having the matter again brought to the attention of our state legislature at the coming session and have it acted upon and have accorded to us the honors we richly deserve. All we ask is justice and fair play and feel that justice is due us at their hands.

Our present honored governor, the Hon. Judson Harmon, left the classrooms of Denison university and joined the Squirrel Hunters, should

SEAEVER'S LAXATIVE TONIC TABLETS.

The Correct Laxative for Women.

More physical beauty, enticing as it is, will not permanently avail in the absence of a clean, fresh, healthy skin and complexion. A woman may have perfect features, a youthful form and a graceful figure, but without the health and bloom of a clear skin, perfect beauty is impossible.

When the skin is muddy or cloudy or marred by moth spots and pimples, nine times in ten it is due to nature's inability to perform the function essential to perfect health.

Many a Newark lady could truthfully tell of the remarkable properties of Seaver's Laxative Tonic Tablets as a skin beautifier, and the reason is easy to find.

They are purely vegetable extracts known to have a selective action for the skin.

They improve the complexion, clear up the skin, enrich the blood, stimulate the liver, tone up the intestines and cure chronic constipation by encouraging the bowels and assisting the nature to do its own perfect work. Erman & Son recommend them with every confidence and a 25 cent package of Seaver's Laxative Tonic Tablets must do as is claimed of them, or you can have your money back.

WILL FIGHT

Citizens of Seven Ohio Towns Will Organize to Fight Proposed Increase in Gas Rate.

East Liverpool, O., Oct. 6.—A combination of the city officials of East Liverpool, Wellsville, Toronto, Steubenville, Martins Ferry, Bridgeport and Bellaire, will be formed to fight the Manufacturers' Light and Heat Company of Pittsburgh, which controls the Ohio Valley and Tri-State Companies, operating throughout this district.

The company is making efforts to increase the price of gas to private consumers from 27 cents to 30 cents per 1000 cubic feet, with 2 cents per 1000 cubic feet discount if paid on or before the 10th of the succeeding month.

The initial step was taken by City Solicitor W. H. Vordrey, who communicated with the officials in all of the towns and arranged for a meeting of representatives to be held in Steubenville Friday. The company will fight and notify consumers that gas will be shut off Thanksgiving Day if ordinances are passed regulating the rate to 25 cents.

TREAT FOR THE JUNIOR WORKERS

Friday evening at the First Presbyterian church, Mrs. Charles Hutchinson, state Junior Endeavor superintendent of Ohio, will meet those interested in junior work for a conference looking forward to a larger and better work along these lines. There is possibly no one in Ohio who has the work of this kind more at heart, or who is more familiar with its every detail. She is a most inspiring woman, and it would pay any one who likes to work with children to attend this meeting. While it is arranged primarily for Christian Endeavorers, anyone working in junior societies of any kind will be very welcome.

The meeting will be held at about 7:15 o'clock and will be intensely interesting.

POLICE COURT

Pete Flasher, a foreigner, was arrested at 11:30 o'clock last night by Patrolmen Petrey, Donley and Cahill, when he was charged by his "boarding boss" with discharging a gun in the house. This morning Flasher told his story, which was accepted by the mayor as true. He said that he wanted to leave the boarding house, but when he went to get his trunk the proprietor objected.

During the argument, which waxed warm, some one fired a shot and he was immediately accused by the boss. The case will be investigated, and meanwhile Flasher is free under a \$15 bond.

Earl Johnson, the young negro arrested charged with knocking down a young white girl, was discharged this morning when it was shown that he had been falsely accused. The people who brought the charges against him and caused his arrest did not appear in court.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Counting Your
Story—Chickens Before
They Are Hatched

"CHILDREN," said daddy one evening, "it is a good thing not to expect too much, for you may be disappointed. In other words, it is a poor plan to 'count your chickens before they are hatched.'"

"Once upon a time there was a man in an eastern city who found out what 'counting your chickens before they are hatched' means. He was a poor man, and for a living he used to sell pots which he made himself. His place of business was in a bazaar, as the markets in the eastern cities are called. Most of the business in those countries, where the weather is generally warm, is done out of doors, the merchants sitting outside their shops with their goods displayed around them. This was the case with the pottery seller of whom I am telling you.

"It was a warm, sunny day, and he was sitting on the ground near his pots, waiting for a customer. As he sat there with nothing to do he began dreaming how nice it would be to be rich.

"Well," he said to himself, "I have here on hand \$5 worth of pots, good pots. All piled up in a nice pile near my feet. These pots cost me very little to make besides my time, so that when I sell them I shall make a profit of \$5. Then I shall make more pots, which will be worth \$10, and when I sell them I shall be worth \$10."

"The idea pleased him greatly, and he stretched himself in the warm sun. As he did so his foot touched one of the pots and almost upset the pile. 'I must be careful,' he said to himself and began thinking again.

"When I sell my \$10 worth of pots I shall make more and sell them for \$20, and so on until I shall have a great pile of money. Then I shall build for myself a splendid palace and buy jewels and fine clothes, so that I shall be the greatest man in the city. Then the daughter of the mayor will fall in love with me and wish me to marry her, but I shall refuse. I shall say: 'No! You are not good enough for me. I am going to marry the king's daughter.' And I shall put out my hand to send her away—thus."

"As he said this he pushed out his arm, forgetting in his thoughts that the pile of pots was close by his side."

"And what happened, daddy?" asked Evelyn, who was greatly interested. "Why, the poor little man struck his hand against the pile of pots. And that was the end of his dream. And now it is time you youngsters were dreaming. Good night."

F. B. NORMAN, Secretary Bricklayers. WM. LISK, Secretary Stone Masons.

H. J. BUXTON DIED TODAY IN COLUMBUS

Was Prominent in Business Circles of Johnstown and Had Filled Many Positions of Honor.

Many people in Newark and throughout Licking county were deeply shocked to learn of the death of Horton J. Buxton, one of the most prominent citizens of Johnstown, which occurred at the Protestant Hospital, Columbus, on Thursday morning at 7:20 o'clock, after an illness of some time occasioned by the hardening of the blood arteries. The deceased was aged about 72 years, and he had been undergoing treatment at the hospital for several weeks. He is survived by his wife and two children, Norman J. and Maude Buxton, both of whom live at the home in Johnstown.

The funeral services will be held at the home in Johnstown on Saturday morning at 10:30 o'clock, and the interment will be made in the cemetery at that place. Rev. Ralph Watson of Reynoldsburg officiating.

Horton J. Buxton was probably one of the best known men in Licking county, having for more than 30 years figured as a successful and energetic merchant of Johnstown, and of late years was president of the Johnstown bank, and his name has long been an honored one. He was born September 29, 1838, and was a son of Norman and Lovine (Jones) Buxton. The parents came from Vermont in 1826, settling in Mt. Vernon, O., where they remained for more than a year and then moved to Brandon. A year later they established their residence in Hopewell, and in 1839 came to Johnstown, since which time the family has figured in the public life of that community.

Horton J. Buxton was one of a family of two sons and a daughter, who reached adult age. Mr. Buxton was educated in the Johnstown schools and as a young man was employed on his father's farm until 1867, when, thinking to find commercial pursuits more congenial and profitable, he established a drug and grocery business in Johnstown. During that period he enjoyed a large and growing patronage for his business principles and methods commended him to the confidence and support of the general public. In 1892 he formed a partnership with John Stevens and they conducted the business together until 1897 when Mr. Buxton retired after almost thirty years' connection with mercantile interests. Since that time he has devoted his attention to looking after his fine farming property near Johnstown, for he was the owner of more than seven hundred acres of rich and productive land in that locality, all splendidly improved and well stocked. In November, 1883, he assisted in organizing the Johnstown Bank, the first banking institution in the town. It was conducted as a private bank under the name of Der-

thick, Buxton and Kasson. In the following year Mr. Kasson retired from the firm and Charles V. Armstrong became a partner under the firm name of Berthick, Buxton & Armstrong. In 1897, following the death of Mr. Berthick, Mr. Buxton was elected president of the bank and the firm name changed to Buxton & Armstrong. It has always been a strong financial concern in which a general banking business was conducted.

On October 15, 1894, Mr. Buxton was united in marriage to Miss Armenia Geer, daughter of Albert and Sarah (Schenck) Geer. They were the parents of two children, a son and a daughter, Norman O. and Maude S. Mr. Buxton has also been active and prominent in public affairs and in office has proved his loyalty to the general good by his faithful and efficient service. For thirty years he acted as treasurer of Monroe township, was justice of the peace for six years, and as mayor of Johnstown for four years gave the town a public spirited administration that greatly furthered its interests along lines of reformed law and progress. He was also a member of the board of education and the public school system found in him a stalwart champion. In politics he was a Democrat and had the distinction of never having been defeated in any office for which he was a candidate. He was a man who will long be remembered for his good work while on earth.

The Story of the Short Ballot Cities

A Series of Articles on the New Commission Form of Municipal Government

By RICHARD S. CHILDS

A peaceful revolution! City after city sweeping away boards of aldermen, mayors and a host of minor officials and setting up new municipal governments on a brand new plan! A hundred cities have voted for the scheme; sixty-eight have obtained it. The whole nation looks on with amazed enthusiasm at towns that not only get good government, but keep it, election after election! There is probably not a single city which has not its group of men who are enthusiastically organizing some endeavor to secure the commission form of government for their town.

What the "Commission Form" Is

THE spread of this movement is all the more striking because it was begun entirely by accident. Galveston, Tex., after the great flood of 1900 was practically wiped out. So much progressive and constructive work was demanded of the city government that the old system of a board of aldermen and the usual string of independent elective officers broke down. A group of business men petitioned the state government to suspend the local government and replace it temporarily with a commission of five men. This was done, and the whole city was put under the control of five men, three of whom were appointees of the governor. This was where the term "commission" originated, and the name for want of a better description has stuck to it ever since, although the board is no longer a "commission" in the true sense of the word at all.

This commission in Galveston was able to make decisions and get things accomplished in half the time that it took the old board of aldermen to get a resolution referred to a committee. The commission planned and built a sea wall to protect the city against further floods, raised the ground level of a large part of the town, got the city government running again at one-third less annual cost, made a number of important improvements and at the same time reduced the debt and the tax rate.

After two years, during which the politicians were finding precious little to do, the commission was made entirely elective by popular vote, much to the dismay of many good persons in the town, who had been much pleased with the practical success of the governor's commission. Their fears, however, proved groundless, for the people proceeded to elect the same commission and have continued to do it at every election since. Except by death there has been only one change in the personnel of the commission since the beginning.

Galveston's claim that it was the best governed city in the United States made Houston jealous, and after a few years this city petitioned for a similar government and was granted it. Dallas, El Paso, Denison, Waco and Austin have since then followed suit, leaving San Antonio, now the only important city in the state which has not adopted the plan.

A few years after Galveston first began to attract attention some civic workers in Des Moines began to study the subject of popular government in fundamental fashion. They devised what has since become known as the "Des Moines plan," which is simply the commission form of government, with certain interesting additions, known as the initiative, referendum, recall and nonpartisan primary. By the terms of the initiative provision a certain number of people are permitted to present a petition to the commission demanding the passage of a certain ordinance, and if the commission sees fit to refuse the request the matter must be settled by popular vote. By the referendum provision certain matters, particularly the granting of franchises to public utility corporations, must be approved by popular vote before they become law. By the terms of the recall provision, the presentation of a petition containing a certain number of signatures may force any member of the commission to submit the question of his continuance in office to a new election immediately. The nonpartisan primary is simply an eliminating election. All candidates are nominated by petition (no party labels), and the leading ten remain on the ballot for the final election.

The elimination of the party name, symbol and column from the ballot, is a highly significant and characteristic feature of the commission form of government. It excludes the political machines from a great strategic advantage and leaves independent candidates on an exact equality with those proposed by the organizations. The ballot is simply a list of names with a square opposite each, and the voter is instructed to "vote for five." Instead of having a ticket ready made for him, each voter makes up his own ticket. The fact that only five men are to be selected makes this task simple, and there has been found to be no difficulty about it in practice. This Short Ballot, which the voter can vote without the guidance of political experts, is the central and vital feature of the commission plan.

The publicity attendant on the installation of the new government in Des Moines gave the movement new stimulus throughout the country, and it began to be known as the latest and most up to date thing in city government. Many towns adopted it from

a mere desire to be abreast of the times and to show the world that they were progressive and enterprising. In some cases the plan met with vigorous opposition, sometimes with a complete lack of interest, while in some cities it carried by an overwhelming vote. Colorado Springs and other cities made a few alterations in the Des Moines plan, such as having the members of the commission elected for terms arranged to expire in rotation, and for-bidding party nominations. Grand Junction, Colorado, added the preferential ballot, whereby the voter indicates on the ballot his first, second and third choice. There are various ways of counting the votes, and while the one adopted in Grand Junction is not the most scientific way, it results in a more accurate analysis of public opinion than the plan of straight plurality elections. The preferential ballot makes a primary election needless and thus saves expense.

The minor variations of the commission plan are endless. Except where a state has adopted a general law covering all cities of a certain class, it may be said that no two cities have charters that are alike. Each charter revision commission has reviewed the work done in other cities and has sagely made a few pet alterations in it. In Galveston, for instance, the mayor was the chairman of the commission; otherwise he had no special duties. None of the members of the Galveston commission has specific control over any one department, although there has grown up the custom of allowing each member to specialize in a certain department, and before election it is generally understood which departments the candidates expect to interest themselves in. All matters are decided by majority vote. The members of the commission are paid nominal salaries and are not expected to give all their time to the city and, in fact, simply devote an hour or two a day to it.

Houston gave the mayor veto power over the vote of his four associates on the commission (he has never used it) and allowed the mayor to make certain appointments, paid the members good salaries and demanded that the commissioners devote all their time to the city. Each member of the Houston commission becomes the active superintendent of one of the five departments. This feature has been rather generally followed in other commission governed cities.

An exact definition of the commission plan of government is thus seen to be impossible. The only feature wherein all these "commission" governments coincide is the concentration of all the powers of the city, both legislative and executive, in a single small board.

Never in our political history has any phenomenon of this nature been examined with such minuteness or by so many investigators. Ex-President Charles W. Eliot of Harvard made a tour of the commission governed cities, or "short ballot cities," as he prefers to call them, and returned to Boston so enthusiastic that he was able to win over the town to an acceptance of some of the fundamental features of the plan. Another elaborate inquiry was made by a committee of the state legislature of Illinois, from which everybody expected a hostile report. The committee, however, reported strongly in favor of the plan, stating that everywhere they found that it had won the approval of the people who lived under it.

There have been many explanations offered for the undoubted relative successes of the commission plan. The abolition of the wards, for example, is frequently quoted as an ample reason for the relative success of the new plan. But there are many cities in the United States in which there are no wards. Galveston itself had none before the flood, her city council being elected at large. Commission government is a very common way of governing counties throughout the United States, and the plan there has not been a conspicuous success. There have been many other elected commissions, such as the trustees of the sanitary district of Illinois, and they likewise have never attracted attention by their superior efficiency.

Another loosely reasoned argument frequently used to promote the adoption of the commission plan has been the statement that it is "like a business corporation with its board of directors." Like most catch phrases, however, this statement is only partly true. To be like a business corporation the commission would have to choose a business manager for the city, who in turn would appoint all subordinates and run the business of the city subject to periodical review by the commission. The commission plan, however (except in Galveston), actually provides for the election of department superintendents by the stockholders—a form of organization which has no parallel in business practice.

Most of the explanations are only half true, because they involve a study only of the internal mechanism of the government, whereas the real difference between the old and the new comes at the point of contact between the government and the people, as will be explained in detail in later articles.

AMUSEMENTS

KENTH VAUDEVILLE.
"The Slums of Paris," with Mile. Minnie Amato, will remain for the balance of the week as the headline act in the Keith bill at the Auditorium theater. This is positively the best and highest salaried act that has ever played here in vaudeville.

The rest of the bill changes and this changes assures just as good a supporting bill as was seen the first of the week, and that the bill was good then is shown by the crowded houses that have greeted every performance. James Kennedy and company of five people will be seen in their great comedy sketch with special scenery. Gordon and Gordon the premier comedy contortionists.

Marjorie Barrett, the clever little soubrette, has some delightful songs and some very good impersonations. Harry Burgoyns, the English coster comedian has been winning laurels for himself and is a big hit on any bill.

AT THE ORPHEUM.

The Five Merry MacGregors are the headliners on the big vaudeville bill at the popular Arcade theatre this week. The entire theatre going population admit this one of the greatest comedy singing novelties that has ever come to Newark, a novelty which the public clamor to see. The comedy sketch presented by the Five MacGregors is filled with tuneful music, bewitching Scotch songs, appropriate dancing and wholesome comedy. Chester and Grace, vaudeville's daintiest singing and dancing duo; Lemuels and Lemuels in black face comedy, and "Mozart," double-instrumental virtuoso, are more than pleasing the patrons of the popular Arcade play house. Do not forget the special matinee Saturday. Children under ten years 5 cents.

THE REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in 223 stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Beg's Mustarine is not greasy or sticky and will not blister. But it will kill headache, earache, backache and pain in chest quicker than the best mustard plaster your grandmother ever made.

And for pleurisy, sore throat, coughs and colds and for swollen and rheumatic joints it has no equal. As much in a yellow box as will do the work of forty mustard plasters, and only 25 cents. It's better than any liniment.

ROUTE OF 960-MILE AIRSHIP FLIGHT FROM CHICAGO TO NEW YORK, LONGEST EVER ATTEMPTED, AND SOME OF THE AVIATORS IN RACE FOR \$25,000 PRIZE

Captain Thomas J. Baldwin

Eugene Ely

Tod Schriever

Glenn H. Curtiss

Charles F. Willard

J. C. Mars

The Chicago to New York airship race, set for October 8, and to be concluded by October 15, has drawn a goodly number of entrants for the \$25,000 prize for the man who finishes first. Here are their names: Captain Thomas J. Baldwin, Charles F. Willard, Charles K. Hamilton, J. A. D. McCurdy, Joe Sermour, Tod Schriever, Philip W. Wilcox, O. P. Heilinger, Eugene Ely, Dr. William Green, James Radley, J. C. Mars and Augustus S. Post. Glenn Curtiss will give exhibition flights, but did not enter in the race. The route is 960 miles long, and the participants may stop as often as they like. Here is the tentative route selected: From Hawthorne race track, Chicago, to Hammond, Laporte, South Bend, Goshen, Ken derville and Waterloo, Ind.; Bryan, Toledo, Fremont, Bellevue, Norwalk, Elkhart, Cleveland and Ashtabula, O.; Erie, Pa.; Buffalo, Rochester, Utica, Troy, Albany and Kingston, N. Y., to New York city.

HOW DOES NEWARK VALUE HER YOUNG WOMEN?

We are glad to find that \$11,000 is not considered too high a value to place on Newark's young men; but how about the young women?

There are many self-supporting young women in our city who are away from their own homes, outside of their working hours their privilege of residence is provided by the four walls of their sleeping rooms, with trips to the dining room or restaurant to break the monotony. How many have tried to imagine the life of a young woman making her way in a strange town? She is young and inexperienced thrown upon her own resources either by death or failure to provide in the family circle or, perhaps, lured by ambition and the spirit of adventure she takes upon herself the struggle for achievement. Entering upon her occupation, whatever it may be, her inexperience necessitates a more or less moderate wage in the beginning. Then comes the question of a boarding place. With a small income from which to supply all the necessities of life, it is more than likely that a place will be selected in an undesirable locality or that, worse yet, she will rent a room for light housekeeping. Young and lonely, the girl who makes first advances for her friendship will not be denied, and the character of that first chance acquaintance may restrain others from approaching her.

The girl of exceptionally strong character, well trained in a model home from infancy may meet and triumph over all obstacles; but the average, lovable, sociable girl, pure and good and true if given her rightful chance—what of her?

These girls are the mothers of the men of the future and their value is greater than money can measure. Those who, exceptionally well fitted for the fray, would surmount all difficulties, to have their way made easier, while we certainly cannot afford to withhold the helping hand from those who might fall by the way. It is important that a place should be provided where the self-supporting girl may have home comforts, thrice surroundings and social pleasure; that the interest and safeguards which protect our daughters should be extended to these brave girls who must stand or fall alone. The Business Girls' club is designed to fill just this place in Newark and we ask the co-operation of all citizens who place the value of womanhood above their bank account.

contributed articles of furniture. The equipment fund has been husbanded closely and we feel has produced large results. But it must be easily apparent that, however nicely administered, it has been far too little to do all that should be done.

What the Y. M. C. A. is to the young men of Newark, the Business Girls' club means to the young women—a substantial help and a moral uplift. Would it not be well for the same committee who brought the work for the young men to a glorious conclusion, to take up the cause of the young women and raise for us \$500, not that this measures their value, but that this sum will be sufficient to assure success?

FORCED TO LEAVE HOME.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. It cured me of lung trouble," writes W. J. Nelson of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. It's surely the king of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for coughs, colds, lagrippe, asthma, croup—all throat and lung troubles. 50c and \$1. Trial bottle free at F. D. Hall's.

SOME POINTERS

In Buying and Building Homes by The Ad. Writer of The Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street, Columbus, Ohio.

2.—Buy or build a dwelling suited to the locality in which it is found. Houses should correspond to their surroundings. For instance one should not build a mansion on a side street surrounded by three or four room tenement houses. Neither would one expect to build a three room house on a five thousand dollar lot. Save your money and buy or build a home. The Buckeye pays five per cent on time deposits. Assets over \$4,200,000.

BURSTING OF FLUE INJURED NEWARK MAN

John Glassmeyer, of this city, one of the best known engineers in the service of the Baltimore and Ohio railroad company, was killed in an accident at an early hour Thursday morning, which resulted in injuries of a very severe nature. Mr. Glassmeyer was on engine 2853, taking his train from Newark to Benwood, when the flue of the engine bursted at Zanesville, badly scalding his legs and arms. He was rushed to the Good Samaritan Hospital in Zanesville, where his injuries were attended to. Mr. Glassmeyer is well known in Newark, and he will have the sympathy of his numerous friends.

LYNCH HIM

Cried the Crowd When Biddle, An Alleged Wife Murderer, Was Jailed.

Brookville, Ind., Oct. 3. — Amid cries of "Hang him!" and "Get a rope!" Charles Biddle, accused of slaying his common-law wife, Anna Lockhart, at Pepperville, was hustled through the crowds and locked up safely in the Franklin county jail. On the train from Pepperville Biddle expressed fear that he would be lynched and asked Sheriff Baker to shoot him if the mob got the upper hand.

The authorities say that Biddle confessed to throwing away the gun with which the slaying was done on a hillside near Pepperville.

HELPFUL WORDS

From a Newark Citizen.
Is your back lame and painful?
Does it ache especially after exertion?

Is there a soreness in the kidney region?
These symptoms indicate weak kidneys.

There is danger in delay.

They strengthen weak kidneys.
Read this Newark testimony.

Mrs. C. W. Manville, 32 Locust street, Newark, Ohio, says:
"The use of Doan's Kidney Pills some years ago cured me of trouble caused by disordered kidneys and at that time I publicly endorsed them."

I willingly confirm my former statement, for I still hold Doan's Kidney Pills in high esteem. I have often recommended this remedy as a specific for lame back and weak kidneys."

Daily Household Hints

By HENRIETTA D. GRAUEL.

Herbs and Flavors for Winter Use.

New flavors add zest to old recipes in much the same way that remodeling and retrimming make a new dress from an old one. It is a good idea to buy the herbs you will need for the Sunday chicken, the Thanksgiving turkey and the Christmas duck now, ordering them from your market gardener, and washing and drying them yourself, instead of buying them at the grocer's or the drugist's, and not getting a clean or a pure article.

Sage, thyme, summer savory and numerous other garden plants are necessary to flavor the dressings and soup that are so well liked in colder weather. Picked now they can be thoroughly washed and cleaned and freed from insect life before drying, a thing that the busy merchant will not bother to do. When dry break in bits and pack in tin canisters or glasses with tight fitting lids, labeling each carefully, and your flavors will be more pronounced and better liked.

Catnip for Pussy, Too.

Don't forget to hang up a bunch of catnip, not only for pussy, but to cure the baby's colic and older children's colds.

Parsley and chives add a touch of brightness to the kitchen window and grow with little care. The former is the favorite herb of the older cook and she would part with any other more willingly than with that. Its flavor is a favorite, and its crisp, curly leaves make even the simplest salad a thing of beauty. Chives are frequently used in the place of onions, their flavor being more delicate than garlic, shallots or even the fine Bermuda onions.

Condiments are those substances eaten with meat and entrees, while spices, which include herbs, are added to the food while cooking.

Mint is the condiment of condiments. English people say it makes lamb out of old sheep. Once, it is said, mint existed in the form of a beautiful maiden whose happiness consisted in making people joyous. A jealous rival changed her into her present form, where she continues her mission.

Recipe for Mint Sauce.

Mint sauce is numbered among table necessities after being made from the recipe below (which is original with the writer). Gather a generous quantity of mint and lay in salt water a few minutes, then remove the summer's dust and grime by thoroughly washing in several waters, then boil rapidly until the flavor has passed from the plant into the water; strain through gauze or filter, and add vinegar enough to taste tart, then sweeten and bottle. Make plenty, for it is surprisingly good on cold sliced pork as well as on lamb or mutton. It may be tinted a delicate green with a trifle of pistachio coloring.

Herbs and flavors are willing, versatile, obedient slaves. They materially aid digestion, and the phrase "To make the mouth water" states a physiological fact. From this standpoint the fragrance of the steaming coffee or the savory odor of the stew are as truly condiments as salt and pepper, for spices are the magic wand that transforms common food into subtle and delicious essences as delicate as they are requisite.

Nothing more quickly tests the skill of the cook than the proper use of these appetizing flavors.

DISTRESS IN STOMACH AND DYSPEPSIA GO

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and flatulate, sour, undigested food, or have a feeling of dizziness, heartburn, fulness, nausea, bad taste in mouth and stomach headache, this is Indigestion.

A full case of Pepp's Diapepsin costs only 50 cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or Indigestion.

Ask your pharmacist to show you the formula plainly printed on these 25-cent cases, then you will understand why Dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a hearty appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for Biliaryness or Constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for Indigestion or Gastritis or any other Stomach misery.

Get some now, this minute, and forever rid yourself of Stomach Trouble and Indigestion.

GYMNASIUM SCHEDULE

Asleep on his job, Rip Van Winkle slept for twenty years and when he awoke found his equipment fallen to pieces and utterly inadequate, his joints stiff and his mind incapable of appreciating the changes that had taken place in society during his long sleep. The enterprising "Rip" spent his time reminiscing. There was nothing new, nothing constructive and no future in his conversation or physical betterment. He was a "back number."

A long sleep is disastrous. In these days of rapid development and radical changes a man becomes a "back number" in much less time it took to put "Rip" on the shelf. Long sleeps are out of date in the world of activity and indulged in only by folks who wear woolen socks in July.

BEWARE LEST YOU BECOME LIKE HIM.

Mrs. Van Winkle's "frau" drove him to the woods. What will you do? Will you take to the woods on the mountains and drink with the old men of antiquity and then fall asleep as did Rip Van Winkle, or will you take to the Y. M. C. A. gym, and drink from the fountains of modern physical education?

A Real Feast—"Rip" thought he was having a fine feast that afternoon on the mountain top with those funny old "back numbers." There is a better feast in store for you at the Y. M. C. A. Gym. Here is the schedule for the coming season:

	Mon	Tue	Wed	Thu	Fri	Sat
Busy Men		4:00		4:00		
Men's Men 5:00		5:15		5:15		
Seniors	7:30		7:30			
Emp'd Boys	7:30		7:30			
H. S. B.	2:15		2:15		2:00	
Grade S. B.	4:00		4:00		3:00	

Cadets (boys 10-14) Saturdays 1:30. Basket ball, swimming, boxing and athletic contests will be announced later.

Everyone entering the classes this fall will be treated alike by the director. It is not the intention to develop circus performers, but to give the individual the exercise most needed for the body and to give it vim and vigor in its daily vocation.

A reminder—"Rip" Van Winkle became a back number because he failed to heed exhortation and advice. He was satisfied with what he was and had then fell asleep. It does not take work to become a Rip Van Winkle; nor the demand for the preparation of the physical needs of the body. All one needs to do is to sleep.

W. J. LEVINGSTON,
Physical Director.

Quick climatic changes try strong constitutions and cause, among other evils nasal catarrh, a troublesome and offensive disease. Sneezing and sniffing, coughing and difficult breathing, and the drip, drip of the foot discharge into the throat—all are ended by Ely's Cream Balm. This honest remedy contains no cocaine, mercury, nor other harmful ingredient. The worst cases yield to treatment in a short time. All druggists, grocers, or mailed by Ely Bros., 56 Warren Street, New York.

If you are not registered do not neglect this important duty. Polls open this evening from four until nine o'clock.

TWO BODIES RECOVERED.
New York, Oct. 3. —The bodies of R. Karl, Cleveland, and Par White, New York, were recovered from the river today, two miles from where the accident to the New Hampshire sailors occurred Saturday.

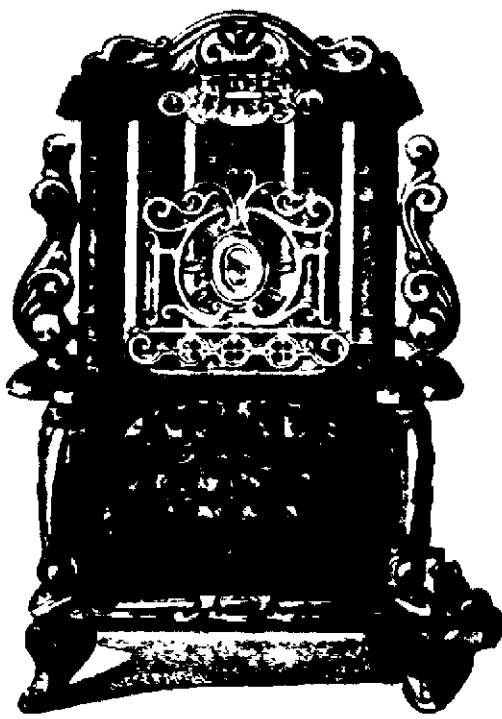

Staten Island is about 13 miles long, 8 miles wide and consists of an area of about 57 square miles. It has a population in excess of 50,000.

The great Washington bridge over the Harlem river is 2,400 feet long, 80 feet wide, cost \$2,650,000, and is built of steel, iron and stone. It is 135 feet above high water mark.

ACCIDENT HAPPENS TO PERFORMER

Henry Klippel, one of the performers with the Rowley & Hill circus show at Riegel Park, was shot up by the police and taken to the City hospital at 12:30 this morning to have some injuries dressed. Klippel plays the exciting part of a horse thief in the show, and part of his act consists of having a rope thrown about him and he is then hauled

over the ground at top speed to the place where the lynchings is to take place.

This part of the work came up Tuesday night during a performance and during his thrilling experience of being dragged over the ground he was strapped against a pole and a leg and arm were badly bruised. He had been taking treatment at the hospital and when he was again injured last night it was necessary to call the patrol. His injuries while painful are not serious, but it will be several days before he will be able to be out again.

ONLY 50 CENTS

That's All It Costs to Get Rid of Indigestion.

All stomach misery will go in five minutes if you will put your faith in M-O-N-A stomach tablets, which Evans' Drug Store thinks so well of that it guarantees them to cure any stomach ailment, or money back.

After using M-O-N-A for one short day you will rejoice and be sure-rely that at last you have found a prescription that acts quickly and beneficially on the stomach.

Just as soon as you start to take M-O-N-A stomach tablets fermentation of food will be a thing of the past. Water-brash pain in the stomach, belching of gas and heartburn will disappear, and in a few days danger of dizziness, biliousness, nervousness and sick headache will vanish.

For sea or car sickness vomiting during pregnancy, or after a night of awaking, M-O-N-A is better than the best remedy you can find. Large box for 50 cents at Evans' Drug Store and druggists everywhere.

INCREASING BUSINESS AT SHOE PLANT

The rapidly growing business of the G. Edwin Smith Shoe Company has made an addition to the plant necessary, and a large brick structure is planned and the work of erecting it will probably be commenced before long.

The company is at present employing about 150 people and new pairs of shoes are being turned out every day, but the demand is larger than the supply, and a large addition is being made. The new shoe plant is one of the most modern shoe-making industries in Newark and the prospects for the future are very bright.

The trouble with the average citizen is that it comes too late to help a man get a good job.
